WHY CONSIDER AN ACA PLAN?

1

YOU CAN'T BE TURNED DOWN.

You'll be able to enroll in a health benefit plan even if you have a pre-existing condition.

2

YOU MIGHT SAVE MONEY.

We can tell you if you qualify for financial assistance that will help lower your monthly premiums. The majority of members who buy plans on the Health Insurance Marketplace receive financial assistance.

3

ENROLLING IS EASY.

Each year, there is an Open Enrollment Period (OEP). This is your chance to join or switch to the health plan you really want.

- The OEP for 2022 coverage is November 1, 2021 to January 15, 2022.
- It's possible to enroll outside of OEP. Significant events such as marriage, childbirth or losing employer coverage might make you eligible.*

4

ESSENTIAL HEALTH BENEFITS ARE COVERED.

Our plans cover all essential health benefit categories required by the healthcare law. To learn more, see page 6.

KEY BENEFITS

WHY AREN'T THERE MONTHLY PREMIUMS ON THIS GRID?

Our qualified health plans are age, tobacco and area-rated, meaning the monthly premium is based on your age, residence, and tobacco usage. Also, depending on your annual income, you may qualify for financial assistance, which would lower your monthly premium. Through government financial assistance, many Arkansans will be able to get a health plan for a very low cost and maybe even free. (Note: Information in grid represents in-network benefits.)

MAKING SENSE OF SECURITY

COINSURANCE: Coinsurance is your share of the costs, usually after you’ve met your deductible. For example, if your plan pays 80% for a service, you would pay 20% in coinsurance. With your Health Advantage plan, when you reach your out-of-pocket max, you no longer have to pay coinsurance for covered services.

COPAYMENT: Copays are what you pay at the doctor or pharmacy. They do not count against your deductible. An example would be paying \$25 at a doctor’s visit or \$15 for a prescription. With your Health Advantage plan, when your out-of-pocket max is met, you no longer have to pay copayments for covered services.

ESSENTIAL HEALTH BENEFITS*: Our plans cover the essential health benefit categories required by the healthcare law. The essential health benefit categories are: ambulatory patient services, emergency services, hospitalization, pregnancy, maternity and newborn care, mental health and substance use disorder services, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and pediatric services.

NEGOTIATED DISCOUNTS: Health Advantage has agreements with thousands of doctors statewide. These doctors make up our provider network. By seeing a doctor in our provider network, you receive discounts on healthcare services. Some examples of these discounts can be seen in the chart below.

Service	Cost	Discounted Cost**
Doctor Visit	\$165.92	\$101.90
Radiology	\$367.86	\$71.67
Mammogram	\$177.08	\$78.12
Colonoscopy	\$1,268.77	\$397.09
Appendectomy	\$11,189.56	\$2,107.01

**The discounts received are based on aggregate data from 1/1/2019-6/30/2019 from network providers in Zip code 722---. Discounts vary by provider, region and type of service.

OUT-OF-POCKET MAXIMUM: The out-of-pocket max is the most you’ll spend for covered medical services in a year. After you reach this amount, you will no longer have to pay coinsurance or deductibles. (This does not include your monthly premium.)

PRIMARY CARE PROVIDER (PCP): A doctor who directly provides or coordinates a range of healthcare services for a patient (family doctor, general practice, internal medicine doctor or pediatrician).

QUALIFYING LIFE EVENT: A change in your life that makes you eligible to make changes to your current plan or enroll in a health plan outside of the Open Enrollment Period. Examples include moving to a new state, losing employer coverage, marriage, divorce or birth of a child.

* Our plans do not include pediatric dental services. Pediatric dental coverage is available in the Health Insurance Marketplace and can be purchased as a stand-alone product.

Many Arkansans may be eligible to receive a tax credit that could lower their monthly health insurance premium. Some may receive a tax credit so they will have a very low or even \$0 monthly premium. Many Arkansans may be able to get free health insurance through a new program called Arkansas Works. Many Arkansans may qualify for an Health Advantage health plan with no monthly premium. With Arkansas Works, you can see any Health Advantage doctor you choose, your preventive care will be covered at no cost to you and you'll receive access to the kind of high-quality healthcare for which Health Advantage has built a reputation. We can help you find out if you qualify for a free health plan from Health Advantage.

The Affordable Care Act (ACA) includes a number of special provisions for American Indians and Alaskan Natives, such as: 1) They can get services from the Indian Health Services, tribal health programs or urban Indian health programs; 2) They may receive services at no cost sharing; and 3) They may have special monthly enrollment periods.

For out-of-network coverage cost sharing increases, and the balance billing (the difference between the provider's bill and the Health Advantage allowed amount) must be paid by the subscriber. Health Advantage qualified health plans have limitations and terms under which the health benefit plan may be continued or discontinued. The plans are age-rated, area-rated, and tobacco-rated, meaning premiums are based on the age, residence, and tobacco usage of the member.

Benefits and Services Not Included: Injuries or diseases caused by war; dentistry (except for some oral surgery); eye refractions, eyeglasses for adults unless needed because of accidental injury; cosmetic surgeries, unless needed because of accidental injury; services or supplies not meeting primary coverage criteria; medical or hospital services collectible under Workers Compensation or any law providing benefits for dependents of military personnel; services rendered in government hospitals; inpatient services, if they could have been performed safely and adequately on an outpatient basis; services and supplies which are experimental or investigational in nature; benefits provided under Medicare or other government programs (except Medicaid); services of social workers, unless included as part of the daily room and board allowance; radial keratotomy or epikeratophakia or any services performed to correct nearsightedness; hospital and physician services for rest cures; services by an immediate relative (spouse, parents, children, brother, sister or legal guardian); dietary supplements when used in connection with weight reduction programs. Limitations of Hospital Benefits: Health Advantage requires pre-admission approval for all non-emergent hospital admissions. For prior approval please call the toll-free number on the back of your ID card. Services rendered in a hospital outside of the United States of America will be paid at the sole discretion of the Plan.

Subrogation: If benefit payments are made for which a third party may be liable, Health Advantage is entitled to recovery out of payments made by that third party to the full extent of benefits paid.

Coordination Against Group and Major Medical Coverage: Benefits for services or supplies available to you under any other group or blanket disability insurance, Union Welfare Plan, employer or employee benefit organization, self-insurance or any other non-regulated group disability benefits plan, major medical policy or no-fault automobile liability insurance will be coordinated so that the total amount of benefits payable from all these plans combined does not exceed 100 percent of actual medical expenses.

IMPORTANT NOTE: Your premium will be accepted after coverage has been approved. This outline of coverage provides a brief description of the important features of the Health Advantage qualified health benefit plans evidence of coverage. The outline is not the evidence of coverage, and only the actual provisions will control. The evidence of coverage itself sets forth in detail the rights and obligations of both you and your health benefit plan. It is, therefore, important that you read the evidence of coverage carefully. Changes to this evidence of coverage only may be made during the annual open enrollment period or as a result of a special enrollment period.
